## The Daikin Comfort Promise

Ultimately, the commitment to provide you with Air Intelligence is represented and reinforced in the Daikin Comfort Promise.

If, for any reason, the Daikin Comfort Professional has not met your expectations within one year of your equipment or system installation, please contact the installing Daikin Comfort Pro and ask them to honor the Daikin Comfort Promise. The Daikin Comfort Pro will return to your house to resolve any issues that you have with your installation at no cost to you.

As part of formally maintaining the Daikin Comfort Pro distinction, the Daikin Comfort Pro will make all reasonable efforts to resolve any concerns you have within one year of your equipment installation. If a Daikin Comfort Professional

does not meet your expectations, they risk losing the ability to sell Daikin products.

With the Daikin Comfort Promise, you can have peace of mind that your Daikin Comfort Professional will continue to earn your business well after the sale. If not, they cannot be a Daikin Certified Professional. Period.

### 1 | Energy-efficiency scroll compressor

provides up to 16 SEER cooling performance for lower energy bills compared to a unit with a lower SEER rating.

### 2 | 5 Millimeter refrigeration-grade premium copper tubing

and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.

### 3 | Heavy-gauge galvanized steel enclosure with sound-control top

baked enamel finish protects your system from the elements.

### 4 | Factory-installed inline filter drier

protects the refrigerant system from dirt and moisture for longer service life compared to a unit without a filter drier.

### 5 | High density compressor

sound control blanket – acoustically engineered sound isolation helps reduce noise levels (compared to units without sound control blankets) for years of quiet comfort.

### 6 | Single speed high efficiency ECM motor

with special fan design moves air quickly and quietly.

### 7 | All-aluminium coils

Enhanced durability in a single metal solution. Special grooved tubing provides efficient cooling and durability for long lasting comfort.

### 8 | High-temperature thermoplastic drain pan

Handles condensate for years without rusting.

## Comfort Efficiency

When properly matched and installed, this air conditioning unit provides cooling performance up to

# 16 SEER

## Premium Comfort Features

### High-Efficiency Scroll Compressor

Compressor will provide years of reliable cooling comfort. Uses Chlorine-free R-410A refrigerant.

### Single-Speed Condenser Fan Motor

Provides dependable, quiet airflow across condensing coil.

### Efficient Cooling Capacity

5 Millimeter refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration for efficient heat transfer.

### Quiet Operation

Acoustically engineered sound control blanket helps to reduce noise levels compared to units without sound blankets.

### Copeland CoreSense Diagnostics

Advanced diagnostics constantly monitor the air conditioning system, reducing failures and pinpointing trouble spots for a fast fix.
