With the Daikin Comfort Promise, you can have peace of mind that your Daikin Comfort Professional will continue to earn your business well after the sale. If not, they cannot be a Daikin Certified Professional. Period.

1 | Energy-efficiency scroll compressor provides up to 14 SEER cooling performance for lower energy bills compared to a unit with a lower SEER rating.

2 | 5 Millimeter refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.

3 | Heavy-gauge galvanized steel enclosure with sound-control top baked enamel finish protects your system from the elements.

4 | Factory-installed inline filter drier protects the refrigerant system from dirt and moisture for longer service life compared to a unit without a filter drier.

5 | Single-speed high-efficiency fan motor with special fan design moves air quickly and quietly.

6 | All-aluminium coils Enhanced durability in a single metal solution. Special grooved tubing provides efficient cooling and durability for long lasting comfort.

7 | High-temperature thermoplastic drain pan Handles condensate for years without rusting.

Comfort Efficiency

When properly matched and installed, this air conditioning unit provides cooling performance up to

14 SEER

Premium Comfort Features

Energy Efficient Compressor

Standard compressor will provide years of reliable cooling comfort. Uses chlorine-free R-410A refrigerant.

Sing Speed Condenser Fan Motor
